

MICROSENS

ENTERPRISE

ENTERPRISE Desktop Switches

The latest models of the enterprise class

MICROSENS Enterprise Desktop SNMP-managed, opt. with PoE+

Fanless design

No noise, for desktop use

Gigabit Ports

All ports are gigabit ports (fiber as SFP slot/TP)

PoE+ user ports

PoE+ according to IEEE802.3at (MS453536PM only)

IT Security

Feature set for configurable IT security

Network redundancy

Feature set for reliable topologies

PRODUCT RANGE

The Enterprise Desktop SNMP-managed series offers a broad portfolio of management functions for parameterization and monitoring during operation of the devices via SSH, web, SNMP, console, etc.

- VLANs, QoS
- Security (e.g. IEEE802.1x)
- STP/RSTP/MSTP
- and much more.
