

Data Sheet

10GbE Micro Switch with PoE+/++

10G uplinks (IEEE 802.3ae)

2x 1/10GBase-X ports

Up- and downlinks (IEEE 802.3ab/z)

4x or 6x 10/100/1000Base-T ports (depending on variant)

2.5/5G downlink (IEEE 802.3bz)

1x 1/2.5/5GBase-T port (depending on variant)

PoE+/++ PSE user and downlink ports (IEEE 802.3af/at/bt)

4x or 5x 10/100/1000Base-T user ports with PoE(+) (depending on variant)

1x 1/2.5/5GBase-T port PoE(++) (depending on variant)

Docker Virtualization Environment

Integrated Docker system for free programming of custom functions

Compact M45 mounting format

Compact M45 mounting format for simple and building-standard-compliant installation

Fanless design

Maintenance-friendly hardware design without noise emissions

Rotatable user port modules

User port module rotatable by 90°; suitable for horizontal and vertical installation

Standardized network redundancy (ERPS according to ITU-T G.8032v2)

Function set for special redundancy topologies (e.g., ring structures)

MICROSENS NMP integrated

Integrated into the MICROSENS NMP software for simple configuration and administration

Technical Specifications

Switch

Type	Gigabit Ethernet Switch Layer 2+, IEEE 802.3 compliant
Performance	Store-and-forward, full wire-speed, non-blocking on all ports
Switching Capacity	58 Gbps (MS440607PM) 52 Gbps (MS440608PM)
Jumbo Frames	max. 10,240 bytes
Flow Control	Pause frames (IEEE 802.3x), configurable

Twisted-Pair Ports (User Ports)

Number	4 or 6 (depending on variant; see Micro Switch Variants)
Type	Gigabit Ethernet, triple speed 10/100/1000Base-T
Connector	RJ-45 port, shielded
Cable Type	Twisted-pair cable, Category 5e, impedance 100 Ohm, max. length 100 m
Pinout	Auto MDI/MDI-X, Auto Polarity
Power over Ethernet (PoE)	4x or 5x IEEE 802.3af/at PSE (max. 30W) (depending on variant; see Micro Switch Variants) 1x IEEE 802.3af/at PD (max. 25W) (depending on variant; see Micro Switch Variants)

Twisted-Pair Ports (Multigig Ports)

Number	1 (depending on variant; see Micro Switch Variants)
Type	Gigabit Ethernet, 1/2.5/5GBase-T
Connector	RJ-45 port, shielded
Cable Type	Twisted-pair cable, Category 5e, impedance 100 Ohm, max. length 100 m
Pinout	Auto MDI/MDI-X, Auto Polarity
Power over Ethernet (PoE)	1x Power Sourcing Equipment (PSE) IEEE 802.3af/at/bt max. 60W

Fiber Ports (Uplinks)

Quantity	2
Type	2x SFP slots, 1/10GBase-X supports SFP digital diagnostics function
Connector	LC type (depending on SFP module)

Console Interface

Connector	USB-C
------------------	-------

Security

Secure storage of configuration data	SHA-256 encryption for irreversible storage of user passwords
Min. key length	<ul style="list-style-type: none"> Asymmetric: 1024 bit Symmetric: 128 bit
HASH algorithm	Equivalent to or higher than SHA-256
Excluded encryption	DES, DSA, 3DES
Self-protection	Use of an integrated, dedicated secure boot circuit

LED Display

Type	18 LEDs
Link	RJ-45 ports 1..6 Fiber ports 7..8 <i>Off</i> : Link down <i>Green</i> : Link up, port open <i>Red</i> : Link up, blocked
PoE (+)	Twisted pair ports 1..5 <i>Off</i> : PoE+ inactive <i>Green</i> : PoE+ on, port supplies power <i>Orange</i> : PoE+ on, port does not supply power <i>Red</i> : PoE error, port does not supply power <i>Blue</i> : PoE++ on, port supplies power
On	<i>Off</i> : Device not powered <i>Green</i> : Device powered
Sys	<i>Off</i> : System not ready <i>Green</i> : System operating <i>Other</i> : see 'Factory default button' in 'Control Panel'

Technical Specifications (continued)

Control Panel

HW Reset Button	Clears memory and MAC tables, reinitializes all connections, current configuration remains intact
Factory Default Button	Pressing the button triggers the following actions: <i>2s – Blue:</i> Switch requests an IP address from the Switch IP Configuration Tool or NMP <i>10s – Blue blinking:</i> Switch is reset to factory defaults, IP configuration remains unchanged <i>20s – Magenta blinking:</i> Switch is fully reset to factory defaults, IP configuration is also reset <i>30s – Green:</i> Switch cancels the selected recovery function, complete configuration remains intact

Power Supply

Input	17..57 VDC (PoE+: 44..57 VDC, 54 VDC typ.)
Power consumption	Typ. 8W (without PoE) max. 130W (incl. PoE) (Full performance only under suitable installation conditions)
Connector	3-pin screw connector, FG/-/+ (1.5 mm ²)
Grounding (FG)	6.3 mm flat plug

Environmental Conditions

Temperature	Operation 0..+40 °C Storage -20..+85 °C
Humidity	10..90%, non-condensing
MTBF time	> 200,000 h (SR332)

Mechanical

Dimensions	90 mm x 64 mm x 45 mm (L x W x H, without connectors)
Weight	approx. 300 g
Mounting	45 mm snap-in mounting (without screw fastening)

Delivery / Contents

Standard packaging

Standard packaging unit	1 piece
Contents	1x Micro Switch 1x Power connector 1x Printed Quick Start Guide Included in the device firmware: 1x CLI reference manual 1x Web manual 1x MIB file

Documentation

Quick Start Guide	Flyer, included in delivery; download at microsens.de
User Manual	Download at microsens.de
CLI Reference Manual	<ul style="list-style-type: none"> Included in the device firmware for local download Download at microsens.de
MIB File	Included in the device firmware for local download

Standards

CE	2014/30/EU (EMC) 2011/65/EU (RoHS)
Security	EN 62368-1
Emitted interference	EN 55032 (Class B)
Immunity	EN 55024 EN 55035 EN 61000-6-2

Micro Switch Variants

Art. No.

MS440607PM

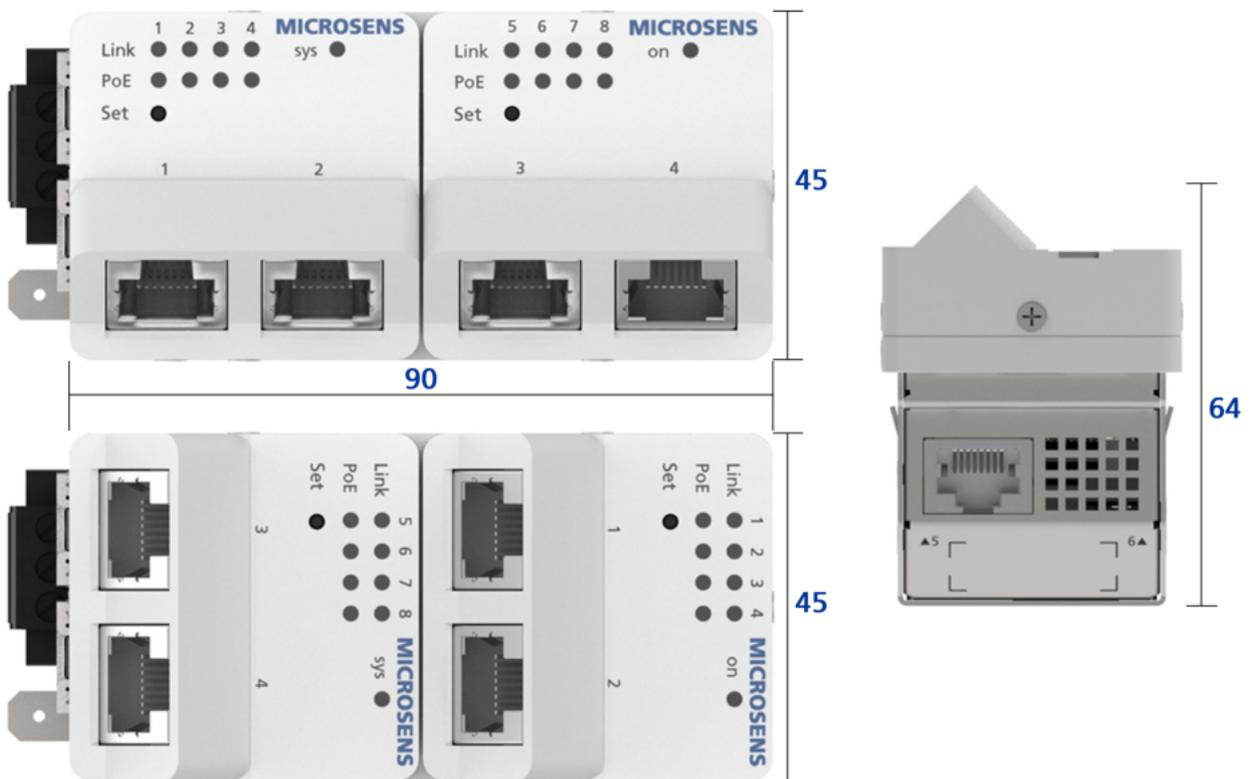

MS440608PM

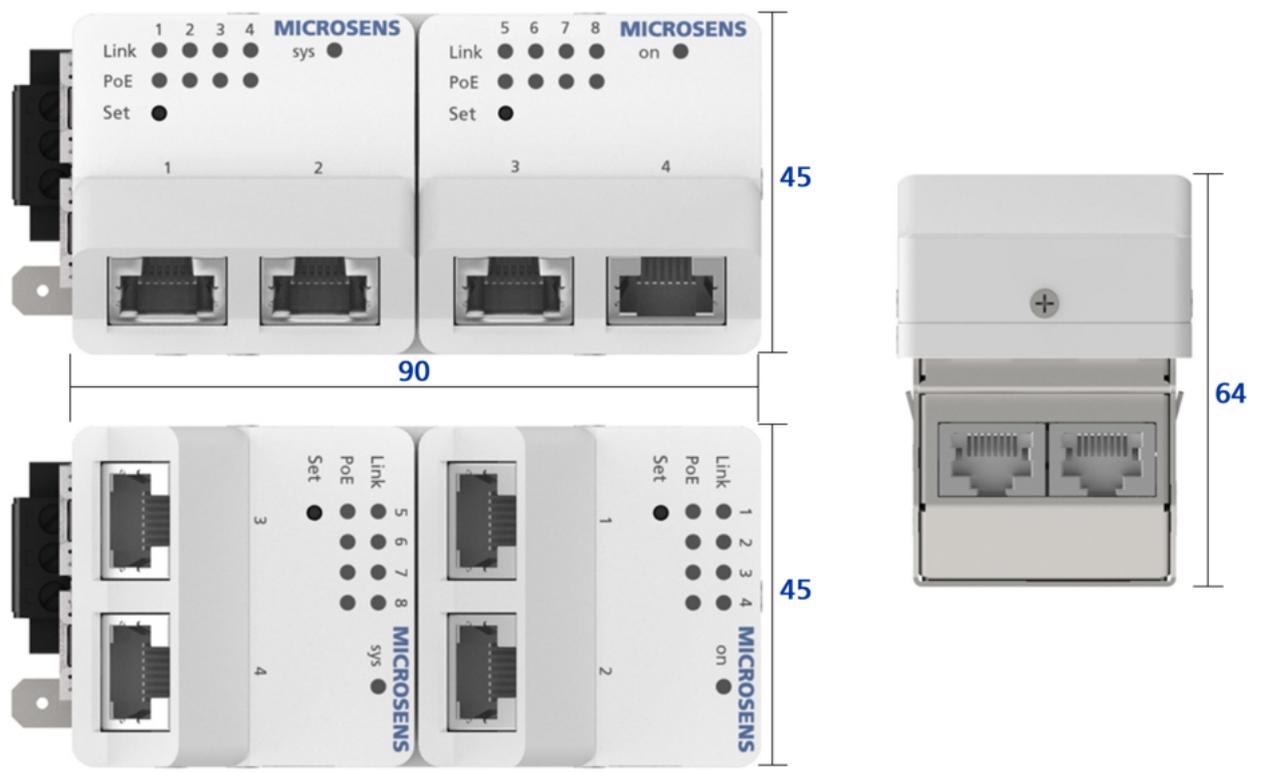

Number of ports	7	8
10/100/1000Base-T ports	4	6
1/2.5/5GBase-T ports	1	0
PoE+ 30W PSE ports	4	5
PoE++ 60W PSE (Class 6) ports	1	0
PoE budget	130W	130W
1/10G SFP+ ports	2	2

Dimensions

Ethernet Ring Protection Switching (ERPS acc. to ITU-T G.8032v2)

Single Ring ERPS

- Basic Setup: One ring of Ethernet switches.
- How It Works: A single link is blocked to prevent loops.

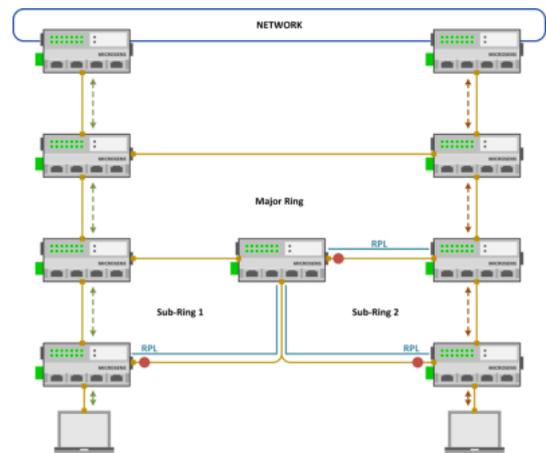

If a failure occurs, ERPS unblocks the backup path.

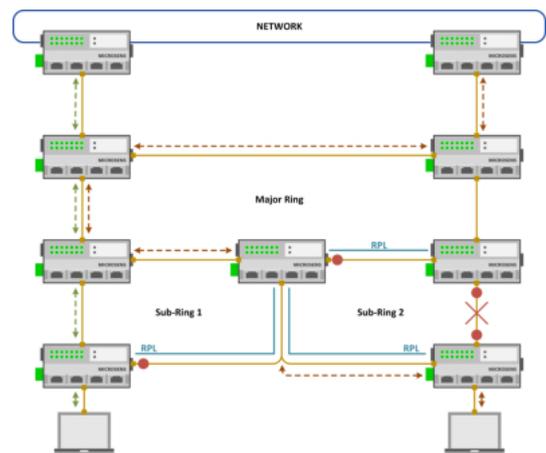

- Use Case: Smaller networks or setups where one ring is enough for redundancy.

Multi-Ring ERPS

- Advanced Setup: Multiple rings connected together.
- How It Works:
 - Different rings are linked through inter-connection nodes (specific switches that connect multiple rings).

- If a failure occurs in one ring, ERPS can reroute traffic through another ring.

- Use Case: Larger networks where traffic needs multiple backup paths for better reliability.

Ordering Information

	Description	Art.-No.
	7-Port 10G Micro Switch PoE++ 2x 1/10GX SFP+-Slots, SNMP-man., 17..57VDC, 4x 10/100/1000T PoE+, Userports rotatable, 1x 1/2.5/5G PoE++, microSD-Slot, Console port (USB-C)	MS440607PM
	8-Port 10G Micro Switch PoE++ 2x 1/10GX SFP+-Slots, SNMP-man., 17..57VDC, 5x 10/100/1000T PoE+, Userports rotatable, 1x 10/100/1000T PD, microSD-Slot, Console port (USB-C)	MS440608PM

Accessories

	Power Supply Modules	
	Installation power supply PoE+ 65W primary 115..230VAC, 1m feed line, open 3x 1.5mm ² , secondary 54VDC / 1.2A, 1m feed line, Combicon connector, on C-profile adapter, 35 mm rail (Combo / DIN)	MS700741
	Installation power supply PoE+ 65W primary 115..230VAC, 1m feed line, open 3x 1.5mm ² , secondary 54VDC / 1.2A, 1m feed line, Combicon connector, on C-profile adapter, on front console (panel) BK 80 mm	MS700741-FTH
	Installation power supply PoE+ 65W primary 115..230VAC, 1m feed line, open 3x 1.5mm ² , secondary 54VDC / 1.2A, 1m feed line, Combicon connector	MS700743
	Installation power supply PoE+ 150W primary 115..230VAC, 1m feed line, open 3x 1.5mm ² , secondary 54VDC / 2.8A, 1m feed line, Combicon connector, on C-profile adapter, 35 mm rail (Combo / DIN)	MS700743-UNI
	Installation power supply PoE+ 150W primary 115..230VAC, 1m feed line, open 3x 1.5mm ² , secondary 54VDC / 2.8A, 1m feed line, Combicon connector, on front console panel adapter BK 80 mm	MS700743-FTH
	M45 Micro Power Supply PoE+ 70W primary 115..230VAC, Combicon connector, M45 format, secondary 54VDC / 1.2A, 0.5m feed line	MS700750
	M45 Micro Power Supply PoE+ 150W primary 115..230VAC, Combicon connector, M45 format, secondary 54VDC / 2.8A, 1m feed line	MS700751

Accessories

SFP Transceivers (additional variants available on request)	
LPC SFP+ 10G Transceiver SR Multimode 850nm, DDM, LC duplex, -40..+85°C	MS100700DX-V2
LPC SFP+ 10G Transceiver LR SingleMode 1310nm, 10km, DDM, LC duplex, -40..+85°C	MS100702DX-V2
LPC SFP+ 10G Transceiver LR SingleMode TX 1270nm, RX 1330nm, 10km, DDM, LC simplex, -40..+85°C	MS100702DXA-V2
LPC SFP+ 10G Transceiver LR SingleMode TX 1330nm, RX 1270nm, 10km, DDM, LC simplex, -40..+85°C	MS100702DXB-V2
SFP GbE Transceiver 1.25G SX Multimode 850nm, DDM, LC diagnostics, -40..85°C	MS100200DX
SFP GbE Transceiver 1.25G LX SingleMode 1310nm, DDM, LC diagnostics, -40..85°C	MS100210DX
Mounting Kits	
M45 universal mounting kit for E2 device box consisting of mounting adapter and cover frame, RAL9010	MS140029
M45 mounting kit for anchor rail with C-profile consisting of cover frame, mounting adapter, 2x device carriers, preassembled, RAL9010	MS140040BR2
Underfloor mounting kit Ackermann GB3 incl. cup consisting of device carrier, cover, M45 blind module UF, front side milled	MS140027
Software for network management and configuration	
NMP Web+ Enterprise Base installation, 1x usage license for NMP Web+ Professional, incl. lifetime updates, Server/client on different PCs in networks	MS200500
NMP Web+ Professional Base installation, 1x usage license for NMP Web+ Enterprise, incl. lifetime updates, Server/client on one PC	MS200501
 One-year device license grants the right to manage a MICROSENS device via NMP Web+ for one year	MS200509-01
Two-year device license grants the right to manage a MICROSENS device via NMP Web+ for two years	MS200509-02
Additional software variants Further variants of device licenses are listed in the data sheet for NMP Web+; see www.microsens.de	

Services	
Description	Art.-No.
Warranty extension after the 24-month manufacturer warranty	
1-year warranty extension	MSGV01
2-year warranty extension	MSGV02
3-year warranty extension	MSGV03
Customer-specific preconfiguration	
Customer-specific preconfiguration of a component	MSKonfig
Customer-specific preconfiguration (configuration file already available)	MSKonfig-OK
The manufacturer's warranty is defined in the General Terms and Conditions (§10) of MICROSENS GmbH & Co. KG	

Our General Terms and Conditions of Sale (GTCS) apply to all orders. Please refer to: https://www.microsens.com/fileadmin/files/downloads/Impressum/MICROSENS_AVB_EN.pdf
